

The Shrewsbury Contributory Retirement System is conducting a search for a custodial bank under the guidance of their investment consultant, Greg McNeillie. The fund has approximately \$125 million in assets, but only \$22 million will be custodied at the selected bank. These assets will be distributed across 3 separate accounts. Respondents need to be familiar with Massachusetts public funds and must be able to produce required PERAC reports. All proposals will be evaluated by the investment consultant and recommendations will be made to the client. The final decision will be made by the Trustees.
